(1) For NPT, BWC, CWC, Mine Ban Treaty, CCM, ICC and UNCLOS there are no specific decision-making procedures for financial and budgetary matters. Voting procedure depends on whether the decision concerns a question of substance or procedure. There is no indication in the publicly available material as to how budgetary/financial questions are classified for voting purposes. As such, provided are the decision-making procedures for matters of substance.

(2) The Rules of Procedure for the Convention on Prohibitions or Restrictions on the Use of Certain Conventional Weapons Which May Be Deemed to Be Excessively Injurious or to Have Indiscriminate Effects (CCW) are not included in this survey because their framework for voting procedures, which provides only a reference to procedures set forth in the treaty itself for amending the treaty and its protocols, does not comport with the established framework for the ATT CSP that appears in Article 17 of the ATT.
Rules of Procedure of the Review Conference (NPT/CONF.2010/1)

Rule 12 - The costs of the Conference, including the sessions of the Preparatory Committee, will be met by the States Parties to the Treaty participating in the Conference in accordance with the schedule for the division of costs as shown in the appendix to these Rules.

Rule 28 - 1. The task of the Conference being to review, pursuant to paragraph 3 of article VIII of the Treaty, the operation of the Treaty with a view to ensuring that the purposes of the preamble and the provisions of the Treaty are being realized, and thus to strengthen its effectiveness, every effort should be made to reach agreement on substantive matters by means of consensus. There should be no voting on such matters until all efforts to achieve consensus have been exhausted. 2. Decisions on matters of procedure and in elections shall be taken by a majority of representatives present and voting.

2010 Review Conference, Final Document (NPT/CONF.2010/50 vol.1)

111. The Conference recommends that a dedicated staff officer to support the Treaty's review cycle should be added to the Office for Disarmament Affairs of the United Nations Secretariat. The dedicated officer will function in an independent manner and be responsible to the meetings of States parties to the Treaty. Pending a further decision by States parties, the costs associated with the staff officer will be funded from voluntary contributions from States parties in a position to do so. Such voluntary contributions will be provided without any conditions. The mandate and functions of this officer will be reviewed in the next review cycle.

Part III - Financial arrangements

25. At its 16th plenary meeting, on 28 May, the Conference decided to adopt the cost-sharing formula proposed by the Preparatory Committee in the appendix to rule 12 of the rules of procedure (NPT/CONF.2010/1, annex III). The final schedule of costs as contained in document NPT/CONF.2010/47 was based on the actual participation of States parties in the Conference.

The costs of the Review Conference, including the session of the Preparatory Committee, will be met by the States Parties to the Convention participating in the Review Conference in accordance with the United Nations assessment scale pro-rated to take into account differences between the United Nations membership and the number of States Parties participating in the Conference. States which have signed but not yet ratified the Convention and which accept the invitation to take part in the Review Conference as provided by rule 44.1 will share in the costs to the extent of their respective rates of assessment under the United Nations scale. For States Parties or signatories which are not members of the United Nations the share will be determined on the basis of the similarly pro-rated scale in force for determining this share in the activities in which they take part.

Rule 28 - 1. Decisions on matters of procedure and in elections shall be taken by a majority of representatives present and voting.

2. The task of the Review Conference being to review the operation of the Convention with a view to assuring that the purposes of the preamble and the provisions of the Convention are being realized, and thus to strengthen its effectiveness, every effort should be made to reach agreement on substantive matters by means of consensus. There should be no voting on such matters until all efforts to achieve consensus have been exhausted.

3. If, notwithstanding the best efforts of delegates to achieve consensus, a matter of substance comes up for voting, the President shall defer the vote for 48 hours and during this period of deferment shall make every effort, with the assistance of the General Committee, to facilitate the achievement of general agreement, and shall report to the Conference prior to the end of the period.

4. If by the end of the period of deferment the Conference has not reached agreement, voting shall take place and decisions shall be taken by a two-thirds majority of the representatives present and voting, providing that such majority shall include at least a majority of the States participating in the Conference.
Financial Regulations and Rules of the OPCW, Regulation 6.10.3 (C-15/DEC.5)

If consensus is not possible at the end of 24 hours, the Conference shall take the decision by a two-thirds majority of the Members present and voting unless specified otherwise in the Convention.

Assessed contributions shall be subject to the adjustments effected in accordance with the provisions of Regulation 5.2. Pending the receipt of such contributions, the appropriations may be financed from the Working Capital Fund.

Financial Regulations and Rules of the OPCW, Regulation 6.10.3 (C-15/DEC.5)

10. Support for the treaty bodies is provided by the Office of the United Nations High Commissioner for Human Rights (OHCHR), in particular through its Human Rights Treaties Division. The Division of Conference Management of the United Nations Office at Geneva provides conference services to the treaty bodies, as well as to other clients. The United Nations Information Service prepares and disseminates background and round-up press releases, as well as meeting summaries, in French and English for most public meetings of the treaty bodies. It also produces radio and television programmes on the work of the treaty bodies. The treaty body system is funded from the United Nations regular budget; however, owing to insufficient staff and allocations to adequately support the Committees in their work, OHCHR also allocates extrabudgetary resources to them from voluntary contributions so as to provide additional staff and meet other requirements, including additional meetings for coordination and participation in related events, such as panel discussions that are not part of their fixed meeting calendar.
